Minimum vials per lot, as sold, what the method consumes: ID 1 · PUR 1 · IDP 1 · FULL 5 · QNT 3 · H2O 2 · LAL 1. Leftover material is held for 30 days after the report issues, in case a re-test is requested, and is then destroyed. We do not return it.

Declaration — applies to every lot listed

- ☐ I lawfully possess this material and may ship it to the laboratory; it is not a controlled substance where I am or where the laboratory is.
- ☐ I accept the terms at cupel.ca/terms: the report is published under its number whatever it says; no sender's name is recorded or printed; the lot reference above is.
- ☐ I understand the laboratory measures composition only, and that no report is an assessment of safety, suitability for any use, or regulatory status.
